Dear Fred-

(You see I am again in old Virginia, I reached here just a week ago to day. I wish to write you a long letter but am unable to do so on account of being sick, I have arisen from my bed to write you something about that wedding day - we expect to be married on the 25th, of Nov. I wish you to be one of my waiters on that occasion, be sure now and come, I will not write any more as I am sick and moreover as I expect to see you at the time I have mentioned; try and come a few days before the time, I expect to be there several days previous.

Your friend indeed,
Richard S. Granby.
